ASHBY DE LA ZOUCH NEIGHBOURHOOD PLAN EMERGING OBJECTIVES AND POLICIES DEVELOPER CONTRIBUTIONS

Through the Neighbourhood Plan it is possible to highlight additional infrastructure and services that will be required to meet additional development.

These will need to be considered by the District Council alongside statutory contributions requested by other bodies e.g. for education, health and roads.

What are your priorities?

- Community Centre?
- Car Parking?
- Play areas?
- Play equipment, if so what type?
- Public transport?
- Traffic signs?
- Footpath signs?
- Something else?
