

# Ashby De La Zouch Neighbourhood Plan– Important Local Green Spaces Site Selection Criteria

## 1. Introduction and Policy Context

Ashby De La Zouch Town Council is leading on the preparation of a Neighbourhood Plan through a Steering Group established for the purpose. One of the emerging priorities for the Neighbourhood Plan is to protect and enhance important local green spaces.

The National Planning Policy Framework (NPPF) introduced a new concept of a Local Green Space designation. This is a discretionary designation to be made by inclusion within a Local Development Plan or Neighbourhood Plan.

The NPPF states

“Local communities through local and neighbourhood plans should be able to identify for special protection green areas of particular importance to them. By designating land as Local Green Space, local communities will be able to rule out new development other than in very special circumstances. Identifying land as Local Green Space should therefore be consistent with the local planning of sustainable development and complement investment in sufficient homes, jobs and other essential services. Local Green Spaces should only be designated when a plan is prepared or reviewed, and be capable of enduring beyond the end of the plan period.

- The Local Green Space designation will not be appropriate for most green areas or open space. The designation should only be used:
- where the green space is in reasonably close proximity to the community it serves;
- where the green area is demonstrably special to a local community and holds a particular local significance, for example because of its beauty, historic significance, recreational value (including as a playing field), tranquillity or richness of its wildlife; and
- where the green area concerned is local in character and is not an extensive tract of land”.

## 2. Ashby De La Zouch Site Selection Criteria

The NPPF requires that any Local Green Space designation must meet the specified criteria. The criteria contained in the NPPF tends to be general rather than specific – for example it states that it needs to be reasonably close to the community it serves but does not give set distances or areas. It is intended to act as guidance which should then be interpreted at a local level. To assist in the designation process a number of agencies have developed checklists that are consistent with and help develop the NPPF criteria, and against which potential local green space designations could be tested. The one below is drawn from the criteria developed by the Open Spaces Society and is specifically designed to assist in the Neighbourhood Plan process.

A scoring system, based on a Traffic Based RAG scores (i.e. Red, Amber, Green) has been adopted. This reflects good and common practice especially as it is easier to understand and use.

- Red was scored for a negative assessment where significant mitigation was required or there are more serious issues ;
- Amber was scored where mitigation might be required;
- Green was scored for a positive assessment.

Evidence for the RAG scoring was obtained from a range of sources, including emerging findings from community consultation undertaken as part of the development of the Neighbourhood Plan

<b>Name of Site</b>	Hood Park
<b>Location of Site</b>	Central Ashby de la Zouch
<b>Description of Site</b>	Green field site with playing fields, all weather pitch , play park , pedestrian thoroughfare linking Money fields housing estate and others to North Street in town centre . Hood Park leisure Centre is on the grounds with sporting facilities including an indoor and outdoor lido.

**Criteria 1: Public Access** (Some areas may already be available for public access, other land could be considered for designation even if there is no public access)

Red	Amber	Green
		Public access including pedestrian thoroughfare .

**Criteria 2: Reasonably close proximity to the community it serves** (there is no definition of this in the NPPF and it will be up to individual planning authorities to define. This may vary depending on the size of the community to which the green space relates, the size of the green space or the value placed on it by the community. The land must not be isolated from the community and would normally be within easy walking distance of the community served. Some local planning authorities have introduced a maximum distance between the space and the community. For instance, Leicester has stated it must be within 400 metres)

Red	Amber	Green
		In town centre

**Criteria 3: Demonstrably special to a local community** - Evidence must be provided of the land's value to and use by the local community to show the land holds a particular local significance. The land must fulfil one or more of the following criteria:

**Criteria 3a: Beauty** (This relates to the visual attractiveness of the site, and its contribution to landscape, character and or setting of the settlement. Local green spaces would need to contribute to local identity, character of the area and a sense of place, and make an important contribution to the physical form and layout of the settlement. It may link up with other open spaces and allow views through or beyond the settlement which are valued locally)

Red	Amber	Green
Justification	Justification	This is a large open space which is lined with trees . It runs along side the Gillwiska , Ashby's only river and comprises of several acres of playing fields. The park is entered via large Edwardian wrought iron gates .

**Criteria 3b: Historic significance** (The land should provide a setting for, or allow views of, heritage assets or other locally-valued landmarks. It may be necessary to research historic records from the County Archaeologist or National or Local Records Office)

Red	Amber	Green
		The land was given by Sir Joseph Hood as a recreation ground . He have the land for the use of children in order to provide a safe play area away from the stream of traffic . The Park was opened in 1927 . Sr Joseph Hood was a local man who went to London to make him fame and fortune. He went to "learn how to become a merchant" and fortune being likened to Dick Whittington. He became a MP of a London Suburb Constituency. In the words of Sir Arthur Hazelrigg, Lord Lieutenant of Leicestershire "

		<p>he has given a lead to Leicestershire and I do not think there is anything which a person can do better for their neighbourhood in which he is interested than to provide playing grounds in which boys and girls as well as adults can find healthy exercise”</p> <p>The wrought iron gates were donated by Mr T Orton.</p> <p>The town council made it a matter of public record of the “ town’s great gratitude” to Sir Hood .</p> <p>There is a covenant which covers Hood Park which states that the land will be used for public recreation purposes only.</p>
--	--	---

**Criteria 3c: Recreational value** (It must have local significance for recreation, perhaps through the variety of activities it supports, and be of value to the community)

<b>Red</b>	<b>Amber</b>	<b>Green</b>
		<p>Hood Park leisure centre is contained within the park with a variety of sporting facilities including an indoor swimming pool and outdoor art deco lido.</p> <p>There are facilities for football, hockey ,tennis, an all weather pitch , skateboard and a children’s playpark to name just a few .</p> <p>It has also been used for public fetes .</p>

--	--	--

**Criteria 3d: Tranquillity** (An oasis of calm and a space for quiet reflection)

Red	Amber	Green
		<p>Hood Park is an essential open green space in the centre of Ashby which is openly used by all the Ashby residents for public recreation. It is in easy walking distance of the majority of Ashby residents and provides a space for relaxation .</p>

**Criteria 3e: Richness of wildlife** (This might include the value of its habitat, and priority areas may have been identified by the council. It may require some objective evidence, such as a designation, like a wildlife site or Local Nature Reserve)

Red	Amber	Green
		<p>Hood Park contains significant numbers of trees which are habitat to local birdlife and mammals such as squirrels. The land is bound by the River Gillwiskaw. The river Mease and the lower part of one of its tributaries, the Gilwiskaw Brook (<i>pronounced Jill-A-Whiskey</i>) are both protected as "one of the best examples of an unspoilt meandering</p>

		lowland river". <sup>[2]</sup> The river receives protection under <u>European Union</u> law as a <u>Special Area of Conservation</u> (SAC); and protection under UK law as a <u>Site of Special Scientific Interest</u> (SSSI). <sup>[2]</sup>
--	--	---

**Criteria 4: Local in character, not an extensive tract of land** (The criteria may differ between settlements depending on their physical size and population. The areas would normally be fairly self-contained with clearly-defined edges. Blanket designation of open countryside adjacent to settlements will not be appropriate. There is a no minimum size limit for local green spaces)

Red	Amber	Green
		This is a well defined area in the centre of town. It is bounded by North Street , the Gillwiska river and housing on Smisby Road.
